Composition 100 % dried whitefish from Norway. Stockfish is a great treat for dogs, for example as a reward during training or on walks in the woods.

Feeding guidelines The recommended number of pieces for a small dog is 1-2 per day, for medium-sized dogs it is 3-4 pieces per day, and for large dogs it is 4-5 per day. It is recommended that your dog always have access to clean water and that you always supervise your dog when you give her or him stockfish. Stockfish should not be given to dogs that devour their food without chewing.
