

SENSITIVE

WITH LAMB AND CHICKEN MEDIUM BREED

Complete diet for medium size breed adult dogs
from 1 year of age between 10 and 25 kg

Appetitt is a functional dog food enriched with active ingredients derived from Norwegian nature. Each product is specially adapted to the different nutritional needs of all breeds, so you can always find a food that is tailored exactly to your dog's requirements.

Appetitt Sensitive with Lamb and Chicken is formulated for sensitive medium breed dogs and with protein from lamb and also with highly digestible hydrolysed protein from chicken.

With the exception of rice, the food is grain free and high in hydrolysed proteins. Thus, the food is low in ingredients that can lead to intolerance and allergies. Antarctic krill supports your dog's skin, coat and joints with the essential omega-3 fatty acids, EPA and DHA in the form of phospholipids. Contains natural glucosamine and chondroitin from fish and chicken for joints and bones. Natural vitamin E and rosemary, for skin, coat, joints and your dog's overall health.

Fructo-oligosaccharides (FOS) from vegetable fibres and mannan-oligosaccharides (MOS) for your dog's gastrointestinal health. Beta-glucans from yeast for your dog's overall health.

ENERGY CONTENT	
Metabolisable energy per kg (FEDIAF 2021)	4216 kcal
ANALYTICAL CONSTITUENTS	
Protein	25 %
Crude fat	16 %
Crude fibre	1.8 %
