PUPPY LARGE BREED

Complete diet for puppies with an adult weight over 25 kg

Appetitt is a functional dog food enriched with active ingredients derived from Norwegian nature. Each product is specially adapted to the different nutritional needs of all breeds, so you can always find a food that is tailored exactly to your dog's requirements.

Appetitt Puppy Large Breed is formulated for large breed puppies. The food contains highly digestible proteins of animal and marine origin that are essential for your puppy's growth and development. With the exception of rice, the food is grain free and high in hydrolysed proteins. Thus, the food is low in ingredients that can lead to intolerance and allergies.

The food contains natural antioxidants such as vitamin E and rosemary and with natural glucosamine and chondroitin from marine and animal sources for joint and bone health. Appetitt Puppy also contains Antarctic krill providing your dog with the vital omega-3 fatty acids, EPA and DHA in the form of phospholipids. Ideal ratio between omega-3 andomega-6 fatty acids and with vitamin E for joints, skin, coat and general health.

Fructo-oligosaccharides (FOS) from beet fibre for your puppy's gastrointestinal health, and beta-glucans for your puppy's overall health.

Composition

Dried animal protein from chicken, pea starch, rice, hydrolysed animal protein from chicken (12 %), animal fat from chicken, potato starch, dried Antarctic krill (Euphausia superba), hydrolysed marine protein from salmon (3 %), dried marine protein from fish, fish oil, dried beet pulp, lignocelluloses, sodium chloride, fructo- oligosaccharides (FOS), beta-glucans from yeast, rosemary.

Feeding guide

Appetitt Puppy Large Breed meets the requirements of large breed puppies in the growth period up to 1-1 ½ years of age. The high energy and nutrient content also make Appetitt Puppy suitable for female dogs during gestation and lactation. The feeding guide gives the average amount of daily feed related to body weight and age. The feed amount may vary +/- 20 % depending on each dog's individual requirements for maintaining optimal body weight. Your puppy should always have access to fresh drinking water. Store in a dry and cool place.
