

APPETITT ENERGY SPORT

Complete wet food for adult working dogs from 1 year of age

Appetitt Energy Sport is a wet food suitable for active adult dogs. It has a high energy content and can be used both as a complete food or as a supplement/ snack during high activity. This wet food contains only animal protein sources and no grain ingredients. The food contains no artificial preservatives, flavorings, colorings, or added sugar.

Appetitt Energy is an excellent snack for working dogs, as the wet food can provide extra energy. You can also place pieces of wet food in your dog's water to encourage it to drink more when needed. Additionally, the wet food can serve as a palatability enhancer in dry dog food (remember to reduce the amount of dry food accordingly).

ENERGY CONTENT PR.KG	
Metabolisable energy per kg (FEDIAF 2024)	1630 kcal
ANALYTICAL CONSTITUENTS	
Crude Protein	16 %
Crude Fat	13 %
Crude Fiber	1.4 %
