SKIN & COAT

Complete diet for adult dogs from 1 year of age

Appetitt is a functional dog food enriched with active ingredients derived from Norwegian nature. Each product is specially adapted to the different nutritional needs of all breeds, so you can always find a food that is tailored exactly to your dog's requirements.

Appetitt Skin & Coat is rich in highly digestible proteins of animal and marine origin. It contains aspecial formula of biotin, methionine, fatty acids and organic zinc ideal for your dog's skin and coat.

With the exception of rice, the food is grain free and high in hydrolysed proteins. Thus, the food is low in ingredients that can lead to intolerance and allergies. Appetitt Skin & Coat also contains Antarctic krill providing your dog with the vital omega-3 fatty acids, EPA and DHA in the form of phospholipids and with natural antioxidants such as vitamin E and rosemary.

Natural glucosamine and chondroitin from marine and animal sources contribute to joint and bone health. Fructo-oligosaccharides (FOS) from vegetable fibres and mannan-oligosaccharides (MOS) from yeast for your dog's gastrointestinal health and beta-glucans from yeast for your dog's overall health.

Composition

Dried animal protein from chicken, rice, pea starch, animal fat from chicken, hydrolysed animal protein from chicken, potato starch, dried Antarctic krill (Euphausia superba), dried marine protein from fish, hydrolysed marine protein from salmon, fish oil, dried beet pulp, lignocelluloses, calcium carbonate, fructo-oligosaccharides (FOS), mannan-oligosaccharides (MOS), sodium chloride, potassium carbonate, beta-glucans from yeast, rosemary.

Feeding guide

Appetitt Skin & Coat meets the requirements of dogs of all breeds with a normal level of activity.

The feeding guide gives the average amount of daily feed related to body weight. The portion may vary +/- 20 % depending on activity level. Your dog should always have access to fresh drinking water. Store in a dry and cool place.

Functional substances

Antioxidants: Vitamin E (α-tocopherol)	250 mg/kg
Amino acids: L-Methionine	0.1 mg/kg
FOS (fructo-oligosaccharides)	0.2 %
MOS (mannan-oligosaccharides)	0.15 %
Beta-glucans	0.04 %

Protein quality

Percentage of total dietary protein	
supplied by animal and/or marine sources	85 %
Hydrolysed protein	12 %
Hydrolysed protein/Total protein	46 %
