

# APPETITT SHINY COAT

Complete diet for adult cats

Appetitt is a functional cat food enriched with active ingredients derived from Norwegian nature. The various products in our wide assortment have been developed to meet different nutritional needs, so everyone can find a food that's perfectly adapted to their cat.

Appetitt Shiny Coat is rich in highly digestible proteins of animal and marine origin. It contains a special formula of biotin, methionine, fatty acids and organic zinc ideal for your cat's coat and skin. With the exception of rice, the food is grain free and thus has a low content of ingredients that can contribute to development of intolerances and allergies. Natural glucosamine and chondroitin from salmon and chicken for joint and bone health.

Antarctic krill provide your cat with the vital omega-3 fatty acids, EPA and DHA in the form of phospholipids. Ideal ratio of omega-3 and omega-6 fatty acids and a high content of vitamin E and rosemary for your cat's joints, skin, coat and overall health. Fructo-oligosaccharides (FOS) from beet fibres and mannan-oligosaccharides (MOS) from yeast for your cat's gastrointestinal health. Contains beta-glucans from yeast for your cat's overall health.

Appetitt Shiny Coat is also suitable for neutered and sterilised (spayed) cats.
